Re: Metcoa Radiation Site - EE/CA Public Comment Period

Dear Laura,

Yesterday, I received your November 22, 1995 letter requesting a 15-day extension of the public comment period on the Engineering Evaluation/Cost Analysis (EE/CA) for the Metcoa Radiation Site. In accordance with 40 C.F.R. Section 300.415(n)(4)(iii), such public comment period will be extended until December 29, 1995.

Additionally, in response to Mr. Michael Sullivan's request of yesterday, today I am providing Mr Sullivan with a copy of certain documents which are a part of the Administrative Record supporting this EE/CA. Specifically, I am providing Mr. Sullivan with a copy of the documents carrying the date-stamp numbers AR100452-AR100564, which are generally referred to by item number 49 of the index to this administrative record. To the extent that you would like to immediately review any additional documents described in this index, please feel free to visit the Superfund Administrative Record Room in EPA, Region III's offices in Philadelphia, PA. These documents have been available since November 13, 1995 and will remain available until December 29, 1995. If I can be of further assistance, please feel free to call me.

Sincerely,

Kathleen J. Root  
Sr. Assistant Regional Counsel
